2006 Annual Report

ABOUT US

Save One Life is a nonprofit organization dedicated to improving the lives of children and young adults living with bleeding disorders in the developing world. A monthly sponsorship of just \$20 supplies a recipient with school fees, nutritious foods, transportation to clinic, and other basic needs. Save One Life offers resources and hope to individuals disabled and often socially stigmatized by bleeding disorders. In 2006 we supported 177 patients with bleeding disorders in India, Nepal, the Dominican Republic, the Philippines, St. Vincent and the Grenadines, Belize, Romania, Egypt, and Pakistan.

Save One Life is unique: 100% of sponsorship funds goes directly overseas, not to overhead. Almost all funds go directly to the sponsored person, with up to 15% supporting the beneficiary's local hemophilia foundation to support administrative expenses. Separate operational funds come from generous individuals and groups who share our commitment to helping those in poverty and in pain.
